Education

University of California -
San Diego
2014-2018

B.S. Cognitive Science w/ spec. in
Human Computer Interaction
Minor in Computer Science

Skills

User Centered Design
Low/Hi-fi Prototyping
Adobe CC, Figma, Sketch
HTML/CSS, ReactJS

Experience

Visual Designer, Yumi

11/18-08/19

Developed a scalable framework for Yumi's dashboard experience, designed a faster checkout experience, and helped build Yumi's current visual brand by redesigning helloyumi.com and developing marketing assets

Instructional Assistant, UCSD

03/18-06/18

Assisted in studio preparation, provided design feedback, and graded students' deliverables

UI Dev Intern, Sapie Space

02/18-05/18

Designed and implemented a new UI for Sapie Space's dashboard

Projects

UX Designer + Web Developer, 21 Below

01/18-03/18

Managed the design process, and drove decisions to build a functional website prototype for 21 Below that electively communicated the product's function and brand identity

UX Designer, Music Application Redesign

09/17-11/17

Drove decisions to transform insights into intuitive, accessible, and easy-to-use designs solutions that made it easier to construct, manage, and search for music
